continued

Step 4

1. Confirm the “Role” you selected

2. Select a “Designated” approver from the drop down menu

3. Add a “Note” (optional)

4. Click “Submit Request”

Step 5

(Optional) Any requests that do not receive an approval within the required deadline, will expire automatically in CSPS. If your request has expired, you will need to resubmit your request and/or contact the required approvers for your role.

Click here to access the list of approvers:
